

## PRODUCT DESCRIPTION

Aqua-Safe is perfectly suited to the leisure industry where the potential of slipping on wet floors is likely. It offers an extremely cost effective way to avoid accidents and reduce costly claims. The curved design allows water to easily drain off, providing a slip resistant, safe dry surface.

## FEATURES AND BENEFITS

- Low profile at 9mm - Reduces the trip hazard
- Flexible PVC product that will follow the surface area it is sitting on
- Ideal for large area coverage with the interlocking system
- Treated with antimicrobial additive for protection against the growth of mould, mildew, fungi and odour causing germs.
- Anti-slip surface with full drainage directing all water off the mat
- Warm and comfortable underfoot
- Light-weight so easy to handle on installation and removal
- 100% recyclable
- Ideal for all wet areas including, swimming pools, shower areas, changing rooms and other areas regularly exposed to water
