

PRODUCT DESCRIPTION

The ultimate anti-fatigue and anti-slip solution for kitchens and clean rooms. Superior design significantly reduces potential areas to trap dirt. The lightweight construction facilitates easy cleaning and maintenance.

FEATURES AND BENEFITS

- Matrix design allows for drainage of water, oil and general debris
- Designed for the food & drink industry where hygiene levels are of a high standard
- 50mm enlarged ramp reduces slips, trips and falls
- Underside suction cup profile provides anti-fatigue cushioning and holds mat firmly in place
- Highly formulated nitrile rubber makes it greaseproof and stops hardening and cracking over time
- 10 year life expectancy
