

PRODUCT DESCRIPTION

A simple but effective measure to ensure the safety of staff whilst interacting with customers. Most commonly used in shops and trade counters to help businesses meet social distancing guidelines in a cost-effective and practical manner. It is easy to install as a semi-permanent arrangement with screws or as a temporary measure with VHB tape.

350mm x 175mm Cutout available as an option.

FEATURES AND BENEFITS

- Basic design sneeze/cough screen.
- Ideal for desk or counter mounting for use in retail shops, surgeries, pharmacies, restaurants etc.
- Quick and easy to fix to counter or desk using VHB tape or screwing onto the surface.
- Available in various widths
